

eRehabData ICD-10-CM Coding Webinar Series

ICD-10-CM CODING FOR THE IRF-PPS AND UB CLAIM FORM

PRESENTED BY PATRICIA TRELA, RHIA,
AND LISA WERNER, MBA, MS, CCC-SLP

Get Ready For ICD-10 For Rehab! eRehabData and Fleming-AOD bring you this three-webinar series on ICD-10-CM coding for the IRF-PAI and UB billing claim form for inpatient rehab. Each webinar will focus on specific clinical groups with particular attention paid to factors that influence coding for each group, as well as offer more general guidelines to assist coders with complete and accurate code assignment.

Each webinar will review ICD-10-CM code selection for the scheduled clinical groups and present additional information on factors that can influence coding, including:

IRF-PAI Issues:

- Etiology - when and how to report single and multiple codes
- Co-morbid conditions

UB Claim Form:

- Principal diagnosis - initial encounter or aftercare
- Additional diagnosis

Conditions Reported on the IRF-PAI That Could Assist the Coder:

- Arthritis conditions
- Height and weight
- Swallowing status
- PVD/PAD
- Diabetes
- Pressure Ulcers

Plus:

- Sample cases that illustrate appropriate code selection
- Documentation required to assign codes that are specific and accurate
- Selection of the 7th character extensions and how that relates to 60% rule compliance
- Glasgow Coma Scale
- Gustilo open fracture classification
- Why it's important for coders to know how the IRF-PAI is completed

The webinars take place on the following Tuesdays from 11:00 AM - 12:30 PM Eastern:

August 4: Stroke, Non-Traumatic Brain Dysfunction and Neurologic Conditions

August 11: Traumatic Brain Injuries, Traumatic Spinal Cord Injuries, Multiple Trauma and Amputations

August 18: Orthopedic Conditions (Fractures and Joint Replacements)

Registration: Registration is \$159 per webinar, or \$425 if you register for all three.

Registration is a two-step process:

1. Register online for each webinar you wish to attend.
2. Complete and submit Page 3 of this form for payment.

Your registration isn't complete until you have completed *both* of these steps.

ICD-10-CM CODING FOR THE IRF-PPS AND UB CLAIM FORM

PRESENTED BY PATRICIA TRELA, RHIA,
AND LISA WERNER, MBA, MS, CCC-SLP

ABOUT THE PRESENTERS

Patricia Trela, RHIA, has over 25 years of experience in the health care industry with a specialization in coding, documentation, billing and reimbursement issues. Pat assists LTCH and rehabilitation facilities with coding, billing and documentation reviews and Health Information Management ("HIM") interim management services, and also provides education for physicians, clinicians, coders and billing personnel. Pat is the author of the Physical Medicine and Rehabilitation chapter in the AHIMA publication *Health Information Management Compliance: Guidelines for Preventing Fraud and Abuse*, 4th edition, 2008, and the Physical Medicine and Rehabilitation section of the chapter on Coding in Specialized Settings in the AHIMA publication, *Effective management of Coding Services*, 4th edition, 2011. She was a member of the 11-member task force that developed the Functional Independence Measure (FIM) and the Uniform Data System for Medical Rehabilitation ("UDSmr"). Pat provides seminars for professional organizations on coding, billing and documentation requirements. She is an AHIMA-approved ICD-10-CM/PCS Trainer/Ambassador and a member of the editorial board of ICD-10 monitor.com.

Lisa Werner is Director of Consulting Services at Fleming-AOD, Inc. and a Product Development Specialist for eRehabData. Lisa has managed and consulted with healthcare providers of various sizes and types across the continuum of care including acute med/surg, inpatient rehabilitation, LTACH, skilled nursing and outpatient rehabilitation. After working for eight years as a speech-language pathologist, Lisa received her MBA from the University of North Carolina at Chapel Hill. As the Director of Program Services for RehabCare, Lisa managed field consultants and planned the strategic integration of rehabilitation settings management to streamline staff resources. Most recently she served as a regional Director of Operations for multiple rehabilitation programs spanning the continuum of rehabilitation care.

She has presented at numerous national and state conferences on topics related to 60% rule changes and compliance, coding accuracy, documentation strategies, denials management, group utilization and productivity strategies, effective management of outpatient clinics, and swallowing evaluation and treatment. She is an active member of the American Speech-Language and Hearing Association, American Medical Rehabilitation Providers Association (AMRPA), and the Outpatient Task Force of AMRPA.

Since 2006, Lisa has assisted our clients with clinical and financial performance improvement, managing 60% rule compliance, market analysis and strategic business planning, compliance review, CMG analysis, Medicare appeals, and case management for obtaining maximum profitability.
